James F. Epps Bridge Lane Closure

The City of Branson Public Works Department will be closing one lane of traffic on the James F. Epps bridge for maintenance work on the dates of Tuesday, October 24, 2017 through Friday October 27, 2017. Crews will work between the hours of 8:00 a.m. – 4:30 p.m. each day. Only one lane of traffic will be closed at a time. The bridge will remain open at all times. This lane closure will provide working space for Public Works Department crews to install deck sealer to maintain the life expectancy of the bridge. Barricades and detour signs will direct motorists safely through the lane closure at this location. Please be aware of temporary safety signage, watch for construction personnel, use an alternate route if possible and/or expect delays if traveling through the work zone.
